# Shivansh Verma

Full-stack dev | MERN | AWS

Lucknow, Uttar Pradesh, India

## Summary

I'm a Computer Science graduate with a strong focus on full stack development using React.js, Node.js, and cloud technologies.

I've recently received an offer from Wipro for the Project Engineer role and am currently exploring opportunities where I can make an early impact and grow my technical skills further.

I'm passionate about building scalable products, learning new technologies, and contributing to high-performing engineering teams.
